DIRECTORY-SPECIFIC RECOMMENDATIONS

• **Listing Page Template:** Ensure every listing has: name, description (300+ words), address, phone, hours, images, categories, reviews, and external website link.

• **Category Hub Strategy:** Create pillar category pages with unique intro content, filtering options, and internal links to subcategories and top listings.

• **Location Pages:** If geo-relevant, create city/state landing pages targeting '[category] in [city]' searches.

• **User-Generated Content:** Encourage and display reviews - this creates unique content and builds trust with users and search engines.

• **Schema for Rich Results:** LocalBusiness, AggregateRating, ItemList, and FAQPage schemas can earn rich snippets in search results.

• **Programmatic SEO:** Use templates + unique data points to generate valuable pages at scale without thin content issues.
